

HP Concrete Repair

Polyurethane hybrid
to repair concrete
quickly and simply!

ACR HP Concrete Repair is a trowel-able grade, 100% solids polyurethane hybrid that has been formulated as a high performance surface repair compound. ACR HP Concrete Repair can be used for interior or exterior applications. ACR HP Concrete Repair is viscous enough for trowel application, but will also self-level in most applications.

Integrate our complete line of **ACR Surface Preparation Products** with **TechCrete® Waterproofing System**, **CretePro® Waterproofing Products** and **GraffitiBlok® Graffiti Prevention System** to achieve the maximum positive results for your concrete projects!

ACR HP Concrete Repair

- Fast acting polyurethane hybrid for patching holes, spalling & voids in concrete & masonry surfaces
- Fast return to service
- Ready to grind in less than 15 minutes
- Interior & exterior applications

For Use On:

- Basins & Reservoirs
- Foundation & Garage Floor Coatings
- Concrete Decks
- Concrete Restoration
- Control Joints
- Equipment Wash-Down Areas
- Highway Construction
